**1. Review of performance**

The performance in the third quarter 2011 has followed the positive trend set in the previous quarters of 2011. Revenue increased by 10.7% to RM 1,091.5 million compared to the third quarter of 2010, whilst revenue improved 3.5% as compared to the second quarter of 2011.

For the first nine months of 2011, revenue rose to RM 3,218.0 million, an increase of 11.7% compared to the year earlier. Operating expenses increased by 11.0% as compared to the same period of 2010, whilst financing costs have remained in line with prior year costs.

On this basis, profit before tax for the first nine months of 2011 increased by 79.2% to RM 50.4 million compared to the same period of 2010, whilst taxes increased by 70.1%. Group PAT for the first nine months of 2011 increased by 82.9% and came in at RM 36.9 million.

**Comments to the Performance of the Business Segments**

**Marketing and Distribution Services**

Under the segment Marketing and Distribution services, the Group provides the full range of available services. The service portfolio ranges from marketing and sales, to distribution and logistics, invoicing and credit management, trade return management, and other value added services.

Revenue for the third quarter of 2011 increased by 21.4% to RM 495.8 million compared to the same quarter of 2010, or an increase of 8.0% compared to the second quarter of 2011. For the first nine months of 2011, revenue amounted to RM 1,433.0 million, an increase of 16.4% compared to the same period of 2010.

Contrary to the Marketing and Distribution segment, sales and marketing services are not provided by DKSH, but are run by the suppliers. The businesses represented under this segment are primarily the Business Unit Healthcare and parts of the Business Unit Consumer Goods, which are entirely supply chain focused.

Revenue for the third quarter of 2011 amounted to RM 583.0 million. This represents an increase of 3.0% over the revenue of RM 565.8 million for the third quarter of 2010 and a marginal decrease of 0.3% over the second quarter of 2011. Whilst margins in the telephone card business remain increasingly under pressure, new healthcare businesses, as well as further business development under healthcare are expected to support the positive trend for this segment throughout the rest of 2011.

**Others**

The third segment consists of smaller units, most notably the Famous Amos chocolate chip cookie chain, which forms the most important operational unit.

Segmental revenue for the third quarter 2011 came in at RM 12.8 million, up 12.0% compared to the same period of 2010, whilst revenue increased 12.8% over the second quarter of 2011. For the first nine months of 2011, revenue increased by 16.8% to RM 35.1 million.

The segmental contribution for the third quarter amounted to RM 1.9 million, whilst the cumulative contribution for the first nine month of 2011 improved by 23.1% to RM 4.1 million over the same period of last year.

Famous Amos will continue increasing its retail footprint by opening new stores and refurbishing existing stores, which is expected to positively affect revenues and profits.

The unrealized gain has been charged to the statement of comprehensive income for the quarter. In total, RM 1.4 million unrealized gain on forward contracts have been charged to statement of comprehensive income for the quarter to date reversing the position as at 31 December 2010.

The current unrealized derivative gain of RM 0.3 million arose due to a weakening MYR against the USD towards 2<sup>nd</sup> half of September 2011 and a reduction in the amount of USD forward exchange contracts as the open positions are unwound.
